MOTION FOR LEAVE TO FILE
MOTION FOR CLARIFICATION

Fort Bend Broadcasting Company (hereinafter "Fort Bend"), licensee of radio station KULF(FM) in Brenham, Texas, filed a Comments and Counterproposal in this proceeding on August 2, 2004. It has recently been learned that the "original" copy of that pleading, as it appears and is reproduced in the Commission's ECFS electronic docket file, bears not only the original correct "received" stamp from the August 2 date that it was actually hand-filed with the Secretary's Office (and with a "date-stamped" file copy received by counsel for Fort Bend at that time), but also two other stamps. The first of these additional stamps is one by the Audio Services Division with an August 3 date, indicating that the pleading was then subsequently "received" internally by the Audio Services Division, and then another original filing date from the Secretary's office of August 6, 2004, a date which would appear to be factually impossible on its face, given that the the pleading had already

been received internally by the Audio Services division 3 days earlier than that.

To the extent that these two subsequent stamps, especially the second original received stamp dated August 6, 2004, could cause some unnecessary confusion in this matter, it is in the public interest to have before it all of the relevant and documentary facts surrounding this matter to assure that all of its determinations in this case will be fully consistent with the true and indisputable facts.

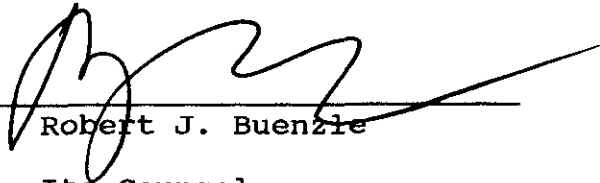

For those reasons it is hereby respectfully submitted that the attached "Motion for Clarification", which brings further relevant facts on the matter to the Commission's attention, is in the public interest and should be received and considered as such.

Wherefore it is respectfully requested that the attached Motion for Clarification be received and considered in this proceeding.

Respectfully submitted,

FORT BEND BROADCASTING COMPANY
